'Lost Without You' is an extraordinary collection of songs written and performed by members of Voice Youth Choir and Orchestra.

At the heart of Voice is the passion to give young people the opportunity to express their faith in a way that is meaningful and relevant to them, as they seek to fulfil their God-given potential as performers, music leaders and songwriters.

These songs come from the hearts of the young writers as they reflect on their life experiences so far and seek to express what they believe to be true – that God is faithful, that He is always with them and is their hope, their light, their saviour and their hero!

As you listen, we hope that the words and music reach out to you, that they are a source of inspiration, encouragement and joy and that your eyes will be lifted to find the one that we would be lost without – Jesus Christ.

# You're The One

Hannah Clifford & Chloe Smith

Why have I been running for so long,  
Afraid of the truth when the lies are so wrong?  
Why have I been ashamed all this time  
Of the one thing that will always be mine?

Oh, words they come too easy and  
Oh, it's time to play the part  
Oh, loving you is easy but  
Oh, living it is hard

You're the one who painted the stars  
And looked at me from underneath your scars  
I love you, I love you  
You're the one who whispered the words  
I now shout back at you in return  
I love you, I love you

Why do I elude your fond embrace?  
Your undeserving love I can't replace  
Why have I been longing to be free  
When yours are the arms that cradle me?

Oh, words they come too easy and  
Oh, it's time to play the part  
Oh, loving you is easy but  
Oh, living it is hard

CHORUS

Lost and insecure, broken, bruised, tormented  
Your endless love restores my imperfection

PRE-CHORUS x2

CHORUS

I love you, I love you, I love you (x3)  
I love you

I love you, I love you, I love you (x3)  
I love you

# What Is He To You?

Rebekah Young

To the broken, He is healing  
To the worried, He is peace  
To the fallen, He is grace though undeserved  
To the mourning, He is comfort  
To the lonely, He is love  
To the weary, He is strength  
when no strength comes

To me He is everything  
To me He is my all  
To me He is my life  
What is He to you? What is He to you?

To the captive, He is freedom  
To the lost, He is the way  
To the downcast, He is joy that fills the heart  
To the waiting, He is patience  
To the weak, He is such power  
To the hopeless, He is hope that never fades

To me He is everything  
To me He is my all  
To me He is my life  
What is He to you? What is He to you?

INSTRUMENTAL

CHORUS

What is He to you?  
What is He to you?

# Lighthouse Through The Storm

Lily Dyble

I have been looking, I've been searching for a treasure,  
For this thing that others sang and spoke about  
But I have looked and I have searched for this lover,  
But instead of faith all I found was doubt.

Cause I never noticed you were there  
I never realised you are beside me

Cause you are my lighthouse through the storm,  
When seas get rough keep my spirit warm,  
You are my friend when I'm alone,  
When I get lost you bring me home,  
My lighthouse through the storm

Now that the rain has finally ceased  
And my faith has been released  
I feel strong, I feel new and it's all cause of you  
And I understand that you will stay near  
Through the good times, the sad times,  
the moments of fear  
I can feel you always holding on

And now that I notice you are there  
Now that I realise you're right beside me

CHORUS

And you pulled me out of my own misery,  
You're all that I want, all I need.  
You saved me from my wicked ways,  
You are all that I need and I am yours

CHORUS

When I get lost you bring me home  
My lighthouse through the storm

# Lost

Sarah Hinton & Rachael Gillies

I am in darkness where there is no light,  
I'm in a mixed up maze where  
there is no end in sight,  
Full of confusion, no answers to be found,  
Stranded here, I'm all alone,  
there's no one else around

I'm lost without you  
Only you can show me the way (x2)

I am in pieces where there's no repair,  
I'm looking straight ahead and  
there is nothing there,  
Full of frustration, not knowing what to do,  
Keep hitting a brick wall, there's  
no breaking through

I'm lost (I'm lost) without you (without you)  
Only you can show me the way  
I'm lost (I'm lost) without you (without you)  
Only you can show me the way

CHORUS

'Cos I'm lost, lost without you  
Fighting to make it another day  
'Cos I'm lost, lost without you  
Only you can show me the way

# I'm Yours

Naomi Sykes

Even in the times when I don't  
know which way to go,  
God you're my direction; my lighthouse in the storm.  
When all my plans come crashing  
down, and I feel I'm all alone,  
Lord you're there with open arms,  
welcoming me home

No matter how many times I may turn away,  
You're endless in merciful grace

Lord, every day, I want to know you  
more, want to love you more,  
Lord in every way please show me  
more, and teach me more.

Please form in me an undivided heart for you  
Jesus, I'm yours

Though the world may offer us  
comforts here and there,  
Your love is enough for me; nothing can compare.  
Though distractions poise at every  
turn, tempting my eye,  
How can I leave your side, when  
such a love can be mine?

PRE-CHORUS

CHORUS

There's no other way, there's no other day,  
there's no other place I'd rather be than be with you  
You're all that I want, you're all that I need,  
you're all that can satisfy this hunger inside

CHORUS

# Jesus Is My Hero

Matt Jones

Jesus is my hero  
He is, yes He is, He's saved me now  
Jesus is my saviour  
He's Lord, He's King over everything

Is it on the mountain-top or under the ocean?  
Is it in some secret place one day to be found?  
Is it in my wildest dreams or some ancient religion?  
Is it in these earthly things in  
which we have drowned?

CHORUS

Is it in the fireman coming to my rescue?  
Is it in some magazine with girls and fancy cars?  
Is it in some comic book with heroes and villains?  
Is it in the rolling seas or written in the stars?

CHORUS

Where's my hero?  
Where's my saviour?  
I need someone to grab my hand  
to pull me out the sand

CHORUS

## How Must You Have Felt?

Rachel Kevern

It's not fair, it's not my fault,  
Believe me  
I get the blame, I take the pain  
Can't you see me?  
And if this is how I'm feeling, taking  
the blame for this little thing  
Then how must you have felt, how  
must you have felt Jesus?

You died a sinless man, a perfect  
body hung on that cross  
And I will do all I can to say thank you for that Jesus

It wasn't fair, you had no fault,  
Jesus  
You took the blame, you took my pain,  
Jesus

And if this is how I'm feeling, taking  
the blame for this little thing  
Then how must you have felt, how  
must you have felt Jesus?

You died a sinless man, a perfect  
body hung on that cross  
And I will do all I can to say thank you for that Jesus

## Jesus For Us

Beth Knight

We were the broken, you are the healer  
Your word was spoken, now I'm a believer  
King of creation, my mighty saviour  
For you are Lord of all

I was the lost sheep, you are the shepherd  
You came and found me, my crying was heard  
You are the lamb who was slain  
For you are Lord of all

Oh what a love, oh what a cost  
Oh what a sacrifice, Jesus for us  
You bled and died and rose again  
So we could live with you  
Jesus for us

You are the potter, I am the clay  
You came and shaped me, washed my sins away  
I walk with my father day by day  
For you are Lord of all

You know when I sit and when I stand  
Your glorious works made through your hand  
You help me to understand  
For you are Lord of all

## I Can't Deny

Shona Ellison & Beth Franks

I believe, I trust in You  
In all You say, and all You do  
You heal my heart, your wisdom guides  
Gives me new life, opens my eyes  
I feel Your love, security,  
You cleanse my soul, and set me free  
I can't deny what You have done  
Giving Your life upon the cross

Your love dissolves my fears  
It lights my path and dries my tears  
When I am lost, You show the way  
For me to live with You each day  
I look to you when I'm afraid,  
You keep me strong, help me be brave  
I can't deny what You have done  
Giving Your life upon the cross

Now you reign, enthroned on high,  
Saviour and King be glorified  
Praise be to You the God of grace  
When on that day I see your face  
For I am yours and You are mine,  
I know you'll never leave my side  
I can't deny what You have done  
Giving Your life upon the cross

## You Are My Hope

Lydia & Chris Richards

I see nothing, so many details are out of my sight  
You see everything, every spec of  
dust in every shaft of light  
I try running, but I get too tired  
and I fall down too soon  
But you're flying beside me, ready to carry me through

You are my hope in everything I do, I trust you  
You are my light in everything I see, I trust you  
Though the thunder may rage  
and the lightening may flash,  
I will not be afraid  
For you are my hope and I trust you

Storms raging round me,  
but you are my anchor and you are my guide  
When life's getting too heavy  
you take the weight off my burden is light  
A rush of panic,  
trivial things are pulling at my head  
But you sweetly whisper, "turn to me instead"

CHORUS

I lift my voice, I lift my voice  
For I know that you will hear me (x3)

I lift my voice, I lift my voice  
And I thank you for setting me free

CHORUS

# Tiptoeing To Glory

Steph Addenbrooke

Tiptoeing through the cracks on the pavements  
Trying not to fall through the mess that I'm making  
Every little step makes another crack in the world  
I sit down on a bench and I look at the river  
I don't wanna go back to this life I'm living  
I would rather sit here and watch the world go by

'Cos I know that this isn't the first time  
there has been pain  
But I'm circling into the dark,  
there's no way out of here

I get on a train even though it's going nowhere  
I just need my ticket out of here  
I just wanna go where the streets are paved with gold  
I'm walking around, no one knows my shame  
I'm waiting for someone to call out my name  
But even that won't fill the emptiness inside

'Cos I know that this isn't the first time  
there has been pain  
But I'm circling into the dark,  
there's no way out of here

At the end of the road there was a man  
He said that he understands  
He said he loved me just as I am  
He held my hand just like my father  
He sat me down just like my mother  
He said that he'd always been there

But I didn't recognise him  
I'd always felt alone  
But looking back, there are two paths side by side

# You Carried Me

Celia Dick & Caroline Gardiner

Through my darkness and despair,  
I could feel that you were there  
Never thought to let me fall  
You carried me  
Through my sanctity and bliss,  
not a moment did you miss  
Never thought to leave my side  
You carried me

Through my hunger and my thirst,  
I thought that there was nothing worse  
Then I felt you by my side  
You carried me  
Through my nightmares and my fears,  
I could feel that you were near  
Never thought to let me fall  
You carried me

You're with me like a shadow,  
I know you'll never let me go  
You carry me like water, where you lead I will follow  
Never thought to leave my side you carried me

Through my weaknesses and strengths,  
you were there to show me sense  
Never thought to let me fall  
You carried me  
Through my patience and my grace,  
you were there to keep me safe,  
Never thought to leave my side  
You carried me

CHORUS

When this day is nearly done,  
and this race is almost run,  
You are there, you are there  
When the best and worst has gone,  
and I've sung my final song,  
You are there, you are there.

CHORUS

# You Were There With Me Always

Lauren Hickin

When my life is a struggle, an endless day  
I know I have you to show me the way,  
Oh and you were right there even from the start  
With this mixed up girl with a restless heart

CHORUS

You were there with me always (x6)

CHORUS

You were there with me always

And I know that you'll always be  
On my side, an ever-guiding hand (x2)

© Voice Music 2011

When I needed you most in the hardest times  
Well you carried me through, holding back the tide  
Through my fears and my doubts  
and my troubled mind  
You were there to catch me, one step behind

You were there with me always

# I Am

Phil Merry

When it feels like you have lost it all  
and haven't got a prayer  
You just have to call me child  
and you know I'll be there  
Whenever you have problems,  
if your empty and alone  
You can come to me at my heavenly throne

CHORUS

You can come to me my child if you are lonely  
You can come to me my child if you are lost  
And in every situation I will be there  
Ever since my son died on that cross

CHORUS (x2)

'Cos I'm the God who cares for you  
The same one who created you  
And looking up at heaven you should see  
That all you need is me

© Voice Music 2011

Up here there's no heartache  
and there's never any loss  
You'll always be welcome  
even if you once were lost  
I saw all your problems  
when you were empty and alone  
Now look you are here and I am on the throne

## Who Catches Teardrops?

Rebekah Boles

Who catches teardrops when they fall?  
Who's there when there's no-one else to call?  
Who's there when you need someone to break the fall?  
You are the only one.

PRE-CHORUS

CHORUS

CHORUS

You are our God, you're all we need  
You are our God, you help us see that  
There is a way, a truth and a life  
When we walk in the dark you are our light

© Voice Music 2011

In the good times, in the hard times  
You are always there.  
You never leave me or forsake me  
Nothing can compare.

Who sees the world in poverty?  
Who sees the hurt inside of me?  
Who sees our sin then sets us free?  
You are the only one.

## He Loves You So

Lydia Hall

When you fall rise back up again  
When you're lonely talk up to Him  
When you feel like nothing's going your way  
Just know He's there and He will comfort you

CHORUS

INSTRUMENTAL

CHORUS

Because the Lord created you  
Because He love you so  
Because He made the Heavens  
He is the Lord, He is the Lord

When you fall rise back up again  
When you're lonely talk up to Him

VERSE 1 REPEAT

© Voice Music 2011

CHORUS

When you feel like there is no hope

When the whole world is closing in  
When you know you need a helping hand  
Just know He's there and He will comfort you

## Seashell Song For A Saviour

Anna Sinclair

I was sitting on a park bench,  
waiting for something to happen

I was kicking up leaves,  
wandering round trees

Waiting for somebody to find me

But all I got was strangers

With smiles on their faces

Airing me with their graces that night

I was staring at the stars,  
waiting for revelation

But all I got was frustrating frustration

But something in the starlight

Told me it would be alright

If I held on to the Light of the World

Because

I wouldn't mind selling shells by the seashore

If it meant I could know more,  
about what I'm doing here

I hear all of these singers singing

What life really means to them

But they can't know better than me

'Cos I've tried all of their methods

But I just end up with second best

They say life is an adventure,

But it doesn't cure the loneliness

So I was waiting for love to come and be the answer

Well, I didn't see the light, didn't lose my sight

But I met a sort of Saviour

Who offered me a second chance

To rid me of my flawed past

And get me off this park bench at last

So we walked and walked

And talked and talked

All the way to the end of the world

It was then that I knew

That his story was true

And the end of the world's not enough

To part me from his love (x2)

I was sitting on a park bench,

waiting for something to happen

I was kicking up leaves,

wandering round trees

Waiting for somebody to find me

But what I got was better

A real kind of Saviour

To love me for forever and more

For forever and more

## Lost Without You

Beth Kydd

People talk, people say

That you're not the one who's there throughout the day

"Where are you Lord?", they talk about it too

But I know better Lord, I'd be lost without you

CHORUS (x2)

I'd be lost, lost without you

People talk, people say

CHORUS (x2)
